

Adrian King

Executive Director Infrastructure Projects - Aon

Adrian is a professional insurance broker dealing with insurance project management and risk consultancy on major infrastructure projects including highways, railways, bridges and tunnels. He has 40 years' experience in the insurance broking industry, the last 28 of which have concentrated on construction in Hong Kong.

He commenced his career with an international insurance broker in New Zealand in 1962. He moved to Hong Kong in 1974 to handle general and construction insurance. From 1980 he became fully involved with civil, structural and building works insurance and since 1991 has concentrated on project management for major infrastructure commencing with the Airport Core Programme including the Lantau Link.

Adrian is currently Insurance Project Director on major projects for KCRC Kowloon Southern Link, Highways Department Route 8 including Stonecutters Bridge, Cyberport and Hong Kong Disneyland.

He was the founding Chairman of the Hong Kong Confederation of Insurance Brokers in 1993 and remains on that Committee.

Adrian is committee member with responsibility for organising Events.
